One of the most remarkable cases ever ought before the civil courts of this counis city, says a New York dispatch. The cumstances of the case are of the most asnal nature and involve directly or indictly the highest dignitaries of the Cathoic church, even to the Pope himself, the King of Belgiam, as an indirect defendant, and other personages of more or less im-

The complainant is Leon Bernard, a Catholic priest, now a teacher of languages in England, who came to this country in 1882 with more than 3,00,000 francs in securities, which had been entrusted to his custody by his superiors at Rome.

The complaint alleges that previous to July 27, 1882, the defendant, then sheriff, attached certain bonds, stocks and order securities valued at \$60,000 anneal Cannon Leon Hermath by Leopold II. king of Belging, that this warrant was thereafter annuled and the action discontinued and the defendant thereupon delivered said property without due and lawful authority to one Francois Burgois. Judgment is asked to \$60,000 with interest from April 27, 1883.

Some time previous to 1879 Mgr. Dumont was Bishop of Tournai, in Belgium. According to custom he had charge of the funds of the diocese, amounting to \$0,000,000 francs. Dumont was removed and Bishop Durosea was appointed in his place as administrator of the diocese and custodian of its funds. These funds were kept at the residence of Bishop Dumont, and as it appears, Bishop Dumont was action to the funding for the recovery from the Bishop of the recovery from the beving the recovery from the bear of the recovery from the bear of the form all outside communication, but no threat could get him to between the securities to form all outside communication, but no threat could get him to be trained the proper to the recovery from the work of the properties and the recovery for taking the securities from Beignum, but was acquited on it appearing that he acted on orders from high authorities. The claim of the Belgian government is that the securities could not be held by the church under law, but eminent authorities hold that the church had a right to guard its property. Robert Ingersoll has been retained in the interest of the church.
